# A Note From...

## The Town Clerk's Desk

**Summer is nearly upon us and unlike last year, I am writing this editorial with the sun beating down from a cloudless sky. I well recall that this time last year we were being treated to a daily deluge of torrential rain and it was cold. What a difference a year makes!**

We all look forward to a summer break be that somewhere luxurious in Mauritius or simply having a holiday in the UK and I dare say this year won't be any different. For me, I shall be visiting Switzerland and looking forward to excursions in the Alps and enjoying the breath taking and stunning views they have to offer. There is something majestic about a mountain range and it always makes me think how insignificant we really are compared to these towering and awesome peaks that are far bigger and more important than we are.

When you think about the word holiday, what comes to mind? If you're like most people, shopping, parties, sales, swimming pool, beaches must rank near the top of your list, while more shopping, a day off and football follow closely behind. Wouldn't you think that holidays would be more meaningful to us? The truth is many holidays are becoming so commercialised these days that our traditions are in danger of becoming trivialised.

Traditions represent a critical piece of our culture and community. They help form the structure and foundation of our families, our society and our community. They remind us that we are part of a history that defines our past, shapes who we are today and who we are likely to become. Once we ignore the meaning of our traditions, we're in danger of damaging the underpinning of our identity. Unfortunately, this indifference isn't limited to holiday traditions. Many people don't treat family or religious traditions with the same emphasis and respect afforded in years past. Family meals around the table have been reduced to eating on the fly. Many children nowadays trade game time for quality family time. Reading before bedtime has given way to playing with X-Boxes in

front of the TV, so that parents can enjoy their downtime.

Tradition contributes a sense of comfort and belonging. It brings families and communities together and enables people to reconnect with friends. Tradition reinforces values such as freedom, integrity, a good education, personal responsibility, a strong work ethic and the value of being selfless. Tradition provides a forum to showcase role models and celebrate the things that really matter in life. Tradition offers a chance to say "thank you" for the contribution that someone has made.

Tradition serves as an avenue for creating lasting memories for our families and friends. As leaders, role models and parents, we should take every opportunity to reinforce the values and beliefs that we hold dear and respect. Whether that maybe reading our children a story before bedtime, familiarising new employees with a discussion of the company's beliefs, values and mission statement, talking to our children about our heroes and role models, providing quality feedback during an employee performance review or having a leisurely family breakfast on a Sunday, no moment is too small or insignificant in the quest to convey the true meaning of the traditions and the values that unite us. Values and traditions influence our day-to-day actions and determine what's important and change attitudes toward ourselves and our relationships with others.

So, here's to BBQ's, Cricket, Wimbledon, the World Cup (England Glory?!) and days filled with glorious sun! Whatever you have planned, I hope you have a great Summer and I look forward to the Autumn Editorial that will be around the corner before you know it!

See you soon!

## Tree Warden's Report

### TREE WARDEN'S REPORT

Well, from the start of this year up to the middle of April, the weather played havoc with the trees, shrubs and flowers normal cycle, making some way behind.

Noticeably, the leaves on the trees, or more to the point, the leaves not on the trees! On the 12<sup>th</sup> of April, I left the country for a week just as the hot spell was arriving. When I came back on the 19<sup>th</sup>, it was as if I had come back to a different country, as the leaves were covering most trees and shrubs and flowers were beginning to bloom.

The carpets of Bluebells and the spread of Rhododendrons soon followed, with other flowers becoming more noticeable. Some of the late oaks and a few other varieties have yet to get their leaves, but they are showing and it won't be long before they are out.

Bluebells - Bridget Mary Garden

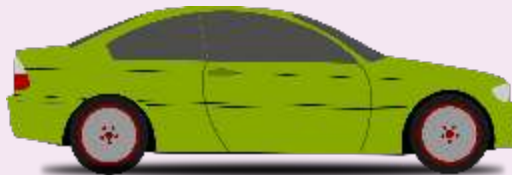

The Horse Chestnut blossoms are making a splendid splash of colour. It is a shame that they will suffer from attack later in the year that turns the leaves brown before their time. As a lot of insects rely on these leaves in order to survive, so do other insects and birds which feed on these insects. Hopefully the warm start to May will help to balance this out, so put on your walking shoes and go out and enjoy what nature has to offer.

### HEDGE END GOOD NEIGHBOURS

#### DRIVERS REQUIRED

**To take Hedge End clients to medical appointments...**

The drivers are an essential part of the Good Neighbours scheme. They are a group of volunteers who can assist the group on days and times to suit themselves. There is no minimum time that the group would expect the driver to do. The coordinator will contact the driver after receiving a telephone call from a client and will not be offended if they are unable to assist.

The trips maybe to local appointments in the area or to hospital appointments. Expenses are paid by the group. A suggested donation will be proposed and the client will be given an envelope to place their money in, which is then passed to the treasurer by the driver. The group will carry out free DBS checks.

A list of drivers will be held by the co-ordinator, who will be aware of any restrictions, and will allocate the task to the next available driver on the list. It is envisaged that drivers will be called on a few times a month.

The service will make a huge difference to local people. The group is friendly and supportive. We need a number of drivers as this is a new group.

**For further information, please contact the group, Tel: 03330 448842 or find us on Facebook.**

Good Neighbours Schemes are there for people who need a bit of help. There are 125 schemes in Hampshire and Good Neighbour volunteers mostly use their own cars to take people to GP and hospital appointments.

Volunteers' mileage expenses are paid.

## Neighbourhood Policing Team - Hedge End

### NEIGHBOURHOOD POLICING TEAM (HEDGE END)

#### Anti-Social Behaviour (ASB)

Anti-Social behaviour is an issue all over the country and generally makes up the majority of the work which Neighbourhood Policing Teams deal with. ASB is a broad term but includes neighbour disputes, creating a lot of noise and causing a nuisance in the community. Even though it can be relatively low risk, we always advise that you call Police on 101 as Anti-Social Behaviour usually ends up in crimes being committed if not stopped.

In Hedge End we have a few ASB “hot spots” where Anti-Social Behaviour is being committed the most. This is the local parks around Hedge End and Hedge End Village Centre itself. We get most of our calls at these locations due to the number of youths who use the area. When the local schools finish at around 3pm, we have hundreds of youths walking around Hedge End Village.

#### Car Crime

Unfortunately, we have received a large number of reports from local residents telling us that their vehicles have been entered and items removed from them overnight. There is one obvious link to all of the reports and that is that the vehicles were left unlocked.

Below are two lines taken from a report sheet when the question was asked by our 101 operator:

“Why do you think your vehicle was targeted?”

*“Perhaps, because the vehicle was unlocked? The vehicle was parked on the drive at our home address.”*

The vehicle is less than two years old and as such once locked the wing mirrors fold in, as with many other modern cars. **When a criminal sees the wing mirrors are sticking out they will see this as an indicator that the car has not been locked and will make a bee line for it.** Once they have access to your unlocked car, they can help themselves to your belongings, which may only be a bit of loose change or a pair of sunglasses but it could also be your handbag or a laptop.

Please, please, please check your car before you go to bed tonight and every night.

- When leaving your car, close all windows and lock your car.
- **Upon locking your vehicle, try your car door to ensure it is actually locked.**
- Park your car in an attended car park.
- When parking at home, use your garage. If you don't have a garage, park in a well-lit area.
- Don't leave anything on display in your vehicle.
- Take all your personal possessions with you.
- Remove sat nav holders and visible sat nav ring marks from windscreens.
- **Leave the glove box open to show there's nothing inside.**
- Fit an alarm or immobiliser to your car.
- Record the details of your property on the Immobilise website
- Do not store your car's documents in the car.
- Secure your wheels using locking wheel nuts.

To report anti-social behaviour and neighbourhood issues, call 101.

In an emergency, dial 999.

## Hedge End Flower Club

### Speeding on Tollbar Way

The community have identified that the anti-social use of vehicles is a continued issue around Hedge End, especially around Tollbar Way and the adjoining areas. The Neighbourhood Policing Team is proactively targeting offending motorists, working alongside the Roads Policing Unit.

On one of our proactive enforcement operations in April, we noted the following results on a single evening of enforcement:

- Two motorcycle riders dealt with for 'driving otherwise than in accordance with their licence' (not displaying L plates)
- Two tickets for no MOTs - cars
- Two tickets for rear position lamp not working - motorcycle
- Two tickets for registration plate offences - one car and one motorcycle
- Two tickets for unnecessary use of fog lamps - car

Other motorcycle riders were given advice around the position / size of L plates, condition of mirrors and general bike roadworthiness. Multiple other drivers were offered some education around driving style with breathalyser checks being conducted. In addition, speed checks completed on Botley Road (40 limit) with several drivers stopped.

Some typical penalties for driving otherwise in accordance with a licence is 3 points and a £100 fine. No 'MOT' is £100 fine and other vehicle defects can carry fines generally between £30 - £100.

Separately, we have secured charges against several of our known offending drivers for road related matters and they will attend court in due course. We will publish relevant court results in due course.

### HEDGE END FLOWER CLUB

We are a fairly small club, which celebrated our 40 years in 2016. We still have founding members, but also have a wide range of abilities, ranging from novice to the more advanced....

We meet the first Tuesday of the month 7-9 pm, (except January) at the 2000 Centre, St Johns Road.

### New members always very welcome...

We have a minimum of four demonstrations by NAFAS\* a year, March 6<sup>th</sup>, July 3<sup>rd</sup>, September 4<sup>th</sup> and November 4<sup>th</sup> 2018, all welcome pay at the door. (\*The National Assoc. of Flower Arrangement Societies). The remaining months, we have in-house workshops on all aspects of flower arranging.

We take part in the Hedge End carnival activities and on carnival day in July, we create a large display of flower arrangements in a marque at Greta Park.

At the Christmas Lights Switch On Event, we create and sell various Christmas arrangements all made by members of the club.

We also have 6 to 10 members taking part at the NAFAS Festival of Flowers in Winchester Cathedral in September 2018. A large task to undertake, as some of the members are doing this for the first time - [We are looking for sponsorship to help with the cost!](#)

**Your carnival falls on its latest possible date this year - 7 JULY 2018!**

**Check what we have got lined up for you and decide what you are going to do...**

We invite you to join Carnival Queen, Holly Bassett, as she leads the procession and have some fun with the optional theme **WINTER WONDERLAND**. It is not difficult to take part and is so much more fun than just watching. A costume and a big smile is all you need, whether you do it on your own or with friends from a club. If you often jog around the village, for exercise, how about doing it in costume and let everyone else share your enjoyment. Entry forms are on the carnival website, there is no charge to join the fun.

If you are only planning to watch, remember to give generously - and how about starting a ripple of applause for the people who are taking part? For those of you who have gone 'cashless', remember to get some especially for carnival day, you cannot do carnival properly without cash.

**With top acts arranged to entertain you, do not miss the Gala Show this year. Amongst them will be Aerial Silks performers from Aerial Southampton. PEDAL POWER VS PARKOUR will be headlining. Who will win the challenge, the pedals or the parkour? Cheer on your favourite. This promises to be the one of the best acts seen at your carnival in many a year!**

We are very grateful to Leaders Estate Agents for their financial support helping us to bring such a dynamic show to Hedge End. These are only the main attractions, there is always lots going on such as **WOODLAND STORIES** for the youngsters; **THE VINTAGE SOUNDS CHOIR** and do not forget to cast your vote for the best flower arrangement! Perhaps you will have taken part in the **CAKE COMPETITION**.

Opportunities exist for traders and clubs to have space to present a stall at the show. Details are on the carnival website.

**[www.hedgeendcarnival.org](http://www.hedgeendcarnival.org)**

The Gala Show costs more than £3,000 to put on, consequently there is an admission charge (only £1) in operation between 1pm and 5pm.

Owing to the works carried out on the Recreation Ground last year, you will again find St. Johns Rd. closed from 11.30am. Please do not divert via Pretoria or Granada Road, they are not suitable.

The following roads will be close at various times from 2.15pm to enable your carnival to take place, Freegrounds Avenue, Sherborne Way, Hobb Lane, Lower and Upper Northam Roads.

## Hedge End Rotary

### HEDGE END ROTARY- OVER 60S TEA PARTY

Spring arrived just in time for the popular annual **Rotary Afternoon Tea Party** for Hedge End Residents. On the sunny Sunday afternoon of 22 April, 75 very glamorous ladies and smart gentlemen joined members of Hedge End Rotary at the 2000 Centre in Hedge End Village where they were greeted with a glass of wine and enjoyed an afternoon of tea, sandwiches, cakes and even an ice cream cornet.

Over 60s Tea Party in full swing...

**Hedge End Rotarians** and their supporters spent much of the morning preparing the food and we are very grateful to the Co-op Hedge End, the Co-op Broad Oak, The Co-op Botley, Tesco's Shamblehurst Lane and Tesco's Tanhouse Lane for all their contributions.

It would not be possible to make the tea party such a success without the help of all the family and friends of club members and all our supporters who play such a big part in organising and running it and their help is also very much appreciated.

As always, there was some entertainment during the afternoon and we were very lucky that singer, **Sam Rowe**, was able to join us. Sam took part in this year's **Rotary Young Musicians Competition** at Wildern School and we really felt that we were hearing a future star of West End musicals. He performed songs from some current shows and of course some old favourites.

**Hedge End Rotary President Steve Hunt** rounded up the proceedings by thanking all our guests for coming and all our helpers and supporters for making the afternoon such a success.

### HEDGE END ROTARY - WHITES REMOVALS

Hedge End Rotary is part of the international Rotary organisation. As well as enjoying the fellowship and enjoyment that is a very important part of Rotary worldwide, Rotarians work to support and encourage people and organisations in their local community and wherever there is a need throughout the world.

This can be from supporting individual young people who are taking part in special projects, to running an annual tea party for over sixties in Hedge End, to support for local charities and, beyond our own area, help for some of the major disasters that happen all too frequently through the world, or providing clean water to prevent diseases.

Of course, in order to achieve all this, we need to "fundraise" and this is done in a wide range of ways including our street collections with Santa at Christmas, race nights, dinners, motorcycle rallies and many more. We are always very grateful for support from the local business community. This can be practical support for things like storage, the loan of equipment or help with events on the day. We are very keen to welcome new business partners and the following are details of our latest supporter.

## Hedge End Rotary

Hedge End Rotary and White and Company Removals, working in partnership to support the local community.

President Steve Hunt of Hedge End Rotary was delighted to present Daniel Burton, Branch Manager and Trevor Emery, Branch Coordinator of White and Company, in Bottings Industrial Estate, Botley with a Certificate of Partnership in recognition of their service to the community.

Many households will know of the range of services provided by White and Company group, to support people who are moving home, both near and far. But few will be aware of their work behind the scenes, as a business partner of Hedge End Rotary, providing storage and transport to support Hedge End Rotary in their charity work, both home and abroad.

Thank you to all the staff at White and Company for the generosity of their time and support to their local community.

### HEDGE END ROTARY CLUB VISIT NANTES

You may not realise that Rotary is an International organisation with 1.2 million members throughout the world. There are currently 34,282 clubs worldwide and in **RIBI** (Rotary in Britain and Ireland) there are around 500,000 members.

One of the important values of Rotary is known as "Fellowship" which is to say the friendship between all the various clubs and their members. **Hedge End Rotary** has a long standing friendship with **Le Rotary Nantes Dobrée** in the French city of Nantes, and we have visited each other on many occasions over the years. We have also taken part in joint efforts to achieve the Rotary objective of "doing good in the world", most notably in raising funds to send solar powered refrigerators to help doctors in remote areas of Mali, to store medicines for their patients.

This year is the 20th anniversary of the founding of Le Rotary Nantes Dobrée and we were pleased to be invited to join them in their celebrations. We spent a long weekend with them from April 13th - 16th and as always, were made extremely welcome.

On our first day, we met a gentleman who was resplendent in a top hat, a tailcoat and a very impressive chain of honour who we learned was **M. Michel Tizo**, Governor and Mayor of the historic centre of Nantes, known as the **Commune Libre de Bouffay**. Our President **Steve Hunt** was delighted to receive a commemorative pennant to mark our visit.

Members of the club provided us with very comfortable accommodation in their homes and, on the Saturday, we visited the nearby city of **Angers** where we were given a tour of the Cointreau headquarters and an opportunity to sample some exotic cocktails. In the afternoon, we saw the famous Tapestries of the Apocalypse at Angers Castle with a very informative guide. Later, Steve Hunt presented **Rotary President Cyril Brigault** with the gift of an inscribed bell from our club to mark their special anniversary.

Our individual hosts entertained us to truly gastronomic meals in their homes and on Sunday we enjoyed an excellent barbecue at a members house in the small town of Sucé sur Erdre.

As our fellow Rotarians waved us off from Nantes airport on Monday morning we were left wondering what we can do to match their magnificent hospitality when they visit us to celebrate our own 20th anniversary in 2019.

## Hedge End Over 60s Monday Club

### HEDGE END OVER 60S MONDAY CLUB

In December, the Hedge End (over 60s) Monday Club celebrated its 70 year anniversary since its formation on 4<sup>th</sup> December 1947. Members were reminded of the key events that took place in the UK in 1947 and the difficult conditions that existed just two years after the war ended. It would not have been an ideal time to start up such a venture.

To celebrate the event, the club members invited the then Chair of Hedge End Town Council, Margaret Allingham, to attend the meeting and join in some of the club's activities. Margaret reminded everyone how vital it was that clubs such as the Hedge End (over 60s) Monday Club, existed for the local community. It was also vital that local clubs made use of the Council's facilities, such as the excellent 2000 Centre.

L-R: Vera Blunt, Cllr Margaret Allingham & Molly Richards...

A celebration cake was baked specially for the occasion and two long serving members (Molly Richards and Vera Blunt) were presented with a basket of flowers by Margaret to recognise their significant contribution to the Club.

Molly and Vera have both been associated with the Club for over 25 years and are still involved with the Clubs activities. This includes their role as Committee Members and responsibility for a number of the Clubs activities on a weekly basis. After the presentation, a group photograph was taken of the members and then everyone took part

Over 60s Monday Club 70<sup>th</sup> birthday

in a 1947 Quiz. The winning team won a prize reminiscent of the 1947 period - a tin of Spam each! Competition prizes are generally better than this, but it seemed appropriate given the austerity that would have been around in 1947.

With Club membership now at over 50 local residents, it was no surprise that the Cake did not survive the afternoon.

The members now look forward to further expanding their membership and ensuring that Monday afternoons at the 2000 Centre continue to thrive until we reach our next celebratory milestone.

Anyone wanting to see what we do, can just turn up after 1pm each Monday afternoon. They would be made very welcome and will be given a copy of the Club's full and varied program for 2018.
